

# CONCRETE RESURFACING

## **ALL STONE RANDOM**

\$10 PER SQ. FT.

## **STAMPED OVERLAY**

\$11 PER SQ. FT.

## **ALLSTONE RECTANGLES**

\$11 PER SQ. FT.

## **STAMP OVERLAY**

\$11 PER SQ. FT.

Central Jersey Pools will resurface your existing concrete with the material, pattern and color described (or to be selected with our contractor). There is a one year adhesion warranty (labor and material) from the date of completion. Colors and patterns may vary. Most resurfacing material must be resealed periodically. Customer understands that chemicals or salt can damage the resurfacing material or sealer and must not be used for snow or ice removal or for cleaning or any other reason.

All existing cracks and/or joints must be "honored" and if the customer requests that they not be honored there is no guarantee that they will not reappear. There may be an extra charge to fill in low areas or to clean and remove any foreign material other than dirt (for example paint, epoxy, or glue).

Final color and pattern selection will be done with contractor and must be signed off by the customer.
